

Only the tortures of the medieval rack are comparable to the agonies which many women suffer through

The peculiar weaknesses and diseases of the delicate, feminine structure. Nothing less than unbearable torment would induce sensitive-minded women to submit to the intolerable methods of the average doctor in dealing with diseases of this nature.

That there is "a better way" than these detestable "examinations" and "local applications" is a truth which some women have yet to learn, although thousands are already rejoicing in the knowledge. They have found in Dr. Pierce's Favorite Prescription the one unfailing remedy which restores absolute health to the internal organism; stops weakening drains and ulcerated conditions; gives elastic strength to the supporting ligaments, vitality to the nerve centers, and complete womanly vigor to the entire constitution.

It is the perfect fortifier and regulator of women at every critical period in their development; from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

A lady living at 7 Park Avenue, Chicago, Ill., Mrs. Emily Howe, writes: "I myself, suffered a long time from female weakness and seemed to be going into a decline. Took several bottles of your 'Favorite Prescription' and it saved me from a great deal of suffering. I now enjoy perfect health and will ever praise the wonderful efficacy of your medicine."

The best popular medical book in the world is Dr. R. V. Pierce's 1000 page illustrated Common Sense Medical Adviser. It will be sent free, paper-bound, for 21 one-cent stamps, to pay the cost of mailing only. Address the Doctor at Buffalo, N.Y., or send 21 stamps for cloth-bound copy.

RAILROAD NEWS.

—Business is not so brisk on the Santa Fe road, for the past week.

J. E. Dick and wife returned from North Carolina, Tuesday.

—The depot hotel is heated with steam and the rooms are comfortable with this warmth.

Mrs. C. E. Park arrived, Wednesday night, to join her husband, who is breaking on local between here and La Junta.

E. C. Mace, night ticket seller at the Santa Fe railway depot, on Saturday night, was gladdened by the appearance of a girl baby at his house.

—Engineer W. C. Danenberg of Wellington, has probably 500 pairs of buffalo horns in the rough, which he collected during the past nine years. He wants to sell them.

—The Santa Fe has let the contract for a \$10,000 railroad Y. M. C. A. building at Temple, Tex., a portion of which is to be paid by the citizens of that place. The company is contemplating erecting a new roundhouse at Gainesville, Tex.

—The round house men and engineers presented F. C. Hasbrouck, late foreman, with a beautiful watch chain and Masonic charm, with name engraved thereon. Mr. Hasbrouck left Saturday night for Raton, N. M., where he takes charge of the Santa Fe railway shops.

—Some new traveling engineers were appointed the first of the month. W. D. Hamilton of Topeka, does the work between Kansas City and Dodge City. A. L. Beardsley of Chanute, has the Southern Kansas and Oklahoma division. Ben S. Williams of Dodge City, has the Colorado and Western divisions.

—Every official connected with the freight traffic department of the various roads of the Santa Fe system is in Chicago attending the annual "round up" or "pow-wow" of the big railroad company. The meeting opened there Wednesday afternoon, and will probably continue the rest of the week.

The Santa Fe company has purchased the Clark hotel at Newton, and it will be operated by the Fred Harvey eating house system. Horan, the present proprietor of the Clark has received a notice dated November 30, to vacate the building inside of sixty days. Improvements to the value of \$10,000 will be made on the building.

—The Santa Fe railroad company is making such improvements in its mechanical plant and such additions to its local working force at Raton as so fully justify the supposition that the company intends to finally carry out its original intention in regard to making Raton a vast intermediate shop for the general Santa Fe system. The shops are now working 260 men, being an increase of about 25 per cent in the last two months, while the Raton railroad list show also 86 engineers, 100 firemen, 35 freight conductors and 105 freight brakemen, the aggregate pay roll approximating \$45,000 per month.

—It was not until recent years that railroad corporations lent their aid, and, moreover, their money, toward promoting the welfare of and furnishing enjoyment for its employees. The Atchison, Topeka & Santa Fe railway has been one of the most liberal railroads in this regard, and has spent much money in providing for its employees luxuries which they could not otherwise enjoy. By its generosity the railroad men of Argentine are enabled to erect one of the finest Y. M. C. A. buildings in the west. Ground was broken for the building last week and by next spring the railroad men of Argentine will have a place where they may spend their days and nights off duty in reading, studying, taking exercise, or, in fact, doing nearly anything that modern conveniences make possible.

According to law and the ruling of the State Superintendent, "a member of the district board cannot continue to act as a member thereof after he ceases to be a resident of the district."

"The district board may suspend, or authorize the director to suspend, from the privileges of a school, any pupil guilty of violations of the regulations, but such suspensions cannot extend beyond the current quarter of the school. The appeal should be to the county superintendent, whose decision is final."

The Sure La Grippe Cure.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt relief. They act directly on your liver stomach and kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at W. F. Pine's City Drug Store; only 50 cents per bottle.

It is true that others imitate the methods employed in advertising Beggs' German Salve, others claim to heal and to cure disease because Beggs' German Salve, the only true ointment, has been so wonderfully successful. But in thousands of cases, as shown by grateful testimonials, Beggs' German Salve actually and permanently cures when other medicines fail to do any good whatever. For sale by W. F. Pine.

The egg product is an immense thing in Kansas. Eggs now sell in the retail market at 25 cents a dozen. The Hutchinson News says:

Just at present the Kansas thermometer measures the upward or downward flight of eggs on the eastern market and it is being watched with close interest by eastern egg men. Mr. E. M. Slayton of Manchester, N. H., who took \$100,000 worth of Kansas eggs east last spring, writes to a friend here that the weather report from Kansas is very interesting to him just now and that he is watching it closely since the recent little blizzard. The weather for the next two or three weeks in Kansas, Nebraska, Arkansas and Oklahoma will gauge the price of the April eggs held in cold storage in the east. They are now selling for 19 and 20 cents in Boston and with the western supply cut off will advance rapidly. The cold storage eggs are held for the Christmas market. Kansas, with the three other places above named, furnish the bulk of the egg supply for the eastern cities. Mr. Slayton, who spends a short time each year in Hutchinson, is one of the heaviest produce dealers in the east, and Western Kansas is one of his principal fields of supply. The large supplies of eggs and butter taken east from here by Mr. Slayton are furnished by Thomas Parker.
